After arriving in London, my son had already been treating for 7 days in a large dispensary in Wimbledon and was very disappointed with the treatment he received and the lack of communication with his parents. Fortunately, we found Dr Ashish Patel and his team at Nuleaf Dental who were very professional, kind and caring. We felt very comfortable and confident in the care our son received. Dr Ashish Patel is a very skilled and professional. We are very satisfied, I recommend that if you need urgent treatment, you should be seeing Dr Ashish Patel. I have been very happy with my care while in the surgery so far. Dr Sharma had suggested a way of anesthetizing the periodontal by my tooth and the treatment was quite comfortable. Dr Sharma was very thorough and explained everything very well. I was very happy with the treatment I received and I felt very comfortable in the surgery. Dr Sharma's assistant was very comfortable in the surgery and I felt that she all around is very good at her job. I would like to thank Dr Sharma and her assistant for the care they provided to me today, she also had excellent bedside manner. I am very happy with the treatment I received and I felt very comfortable and confident in the care I received. I would like to thank the receptionist staff who are very welcoming and very friendly.

I have been coming to this practice for years, including with my children. I feel confident that the dentists are well trained and knowledgeable and I always feel that they care about my teeth and my comfort and I appreciate that appointments are made quickly and easily. I also feel that I can trust the dentists to be honest about what I need to do to my teeth. I have had a good experience as patient for the practice.

I was fortunate enough to have the best experience I have ever had with any dental hygienist as I have been very nervous about dentists since a very young age and I have been very impressed with the service, without being patronising and kind and very thorough to make sure I was really relaxed. I always leave feeling very pleased with myself and very confident that I have looked after my teeth properly. I would feel happier to return more frequently than the annual session however I would be seen by a dentist I believe.

EXAMINATION ANNUAL REVIEW Tuesday, 09 January 2018
Very professional with an excellent consultation, where the dentist doesn't offer, Dentist was courteous, informative and helpful. As well as advice on a potential treatment, and other issues. Dentist was very thorough in explaining the pros and cons of the treatment options, and I felt comfortable that the current dentistry, and the current dentist, was which was the one to carry out the treatment.
