

# Private Price List

## During The PANDEMIC

15% discount available on private treatments for Plan members. This scheme is available to existing patients. New patients can join after their initial visit. Terms and conditions apply

During the pandemic procedures that generate an aerosol require us to leave the surgery vacant for an extended period of time and wear extra personal protective equipment. This adds cost to your procedure.

0% finance available over 10 months on all treatment plans greater than £500. Ask your Dentist for more information
